USE IN VIRTUAL ENVIRONMENT

If the profiler is installed in a virtual environment such as a container or a full virtual machine, and such virtual environment allows for multiple instantiations (running copies), the profiler must be activated with a floating license, and the floating license activation must not be locked, so that each time the profiler runs it must obtain a license from the license server. You may not use any other license flavor e.g. a seat license or lock a floating license in such environment.

A seat license can be used instead of the floating license to activate the profiler in a virtual machine only if there exists only one copy of the machine per licensed seat. You may make a copy of the machine for archival purposes, but you may not clone the machine and/or run multiple instances of it.

RESTRICTED USE DURING EVALUATION PERIOD

You have a nonexclusive, nontransferable license to load and execute the unregistered copy of Software for a period of fifteen (15) days. (the "Evaluation Period")

The unregistered copy of Software may be used for evaluation and testing purposes only and not for general commercial use.

You must pay a license fee for the Software to obtain the right to use the Software for general commercial use and(or) for unlimited period.

The unregistered copy of Software contains a feature that will automatically disable the Software in fifteen (15) days after sending the evaluation key to You. If You agree to this YourKit License Agreement and pay the license fee, YourKit will deactivate this feature. YourKit will have no liability to You if the Software is disabled by this feature. You may not disable, destroy, or remove this feature of the Software, and any attempt to do so will terminate your license and rights under this Agreement.

RESTRICTED USE OF EARLY ACCESS SOFTWARE

YourKit Early Access Program (EAP) is the easiest way to get in touch with the latest technologies from YourKit. Within the EAP You can get an early access to new products and internal builds of future versions of YourKit software ("Early Access Software").

NOTE: EARLY ACCESS SOFTWARE IS A PREVIEW SOFTWARE AIMED AT PROVIDING YOU WITH AN OPPORTUNITY TO TEST THE NEWEST FEATURES SCHEDULED FOR THE NEXT MAJOR RELEASE. YOURKIT DOES NOT GUARANTEE THAT THIS SOFTWARE WILL RUN TROUBLE-FREE. USING THIS SOFTWARE IS AT YOUR OWN DISCRETION AND DOES NOT ENTITLE YOU TO ANY CUSTOMER SUPPORT.

You have a nonexclusive, nontransferable license to load and execute a copy of the Early Access Software for a limited period of time. You must immediately cease using the Early Access Software and delete all its copies as soon as one of the following conditions is met, whichever comes first:

(i) the Early Access Program for this Software version is over; this usually, but not necessarily, implies that an official release is made available;
(ii) more than 90 days have passed since the date of particular Early Access Software build release date and a newer Early Access build is available;
(iii) the Early Access Software may contain a feature that automatically disables the Software after some period of time, without any prior notice; YourKit will have no liability to You if the Software is disabled by
this feature. You may not disable, destroy, or remove this feature of the Software, and any attempt to do so will terminate your license and rights under this Agreement.

The Early Access Software may be used for evaluation and testing purposes only and not for general commercial use.

RESTRICTED USE ON SOME PLATFORMS

The Software may be used on any supported platform with the restriction described below. There are so-called advanced platforms, which include AIX, FreeBSD, HP-UX, Linux on PPC, Solaris. The results obtained on an advanced platform may be analyzed (i.e. a snapshot of a JVM running on an advanced platform may be opened or exported) only if the license is with the advanced support level and the support is active. Hence, a license with the basic support level does not entitle profiling on the advanced platforms. If the advanced support has expired and has not been renewed or has been renewed at the basic support level, profiling on the advanced platforms is not allowed.

RESTRICTED USE IN SUBSCRIPTION LICENSE MODE

If the license is obtained in the Subscription mode, your rights to use the Software (including but not limited to those described in the "You may" sections) are applicable only while the Subscription is active.

The subscription becomes inactive if it was explicitly cancelled or terminated, or if You fail to make the timely payment of subscription fees.

The Software contains a feature that will automatically disable the Software activated with a license key from a license in the Subscription mode if the Subscription is no longer active. YourKit will have no liability to You if the Software is disabled by this feature. You may not disable, destroy, or remove this feature of the Software, and any attempt to do so will terminate your license and rights under this Agreement.

RESTRICTED USE WITHOUT ACTIVE SUPPORT CONTRACT

This section applies to a license which is not in the Subscription mode, which is described in the dedicated section "RESTRICTED USE IN SUBSCRIPTION LICENSE MODE".

If your support contract is not active, i.e. it has expired and you have not renewed it, some Software features may be unavailable to you. The list of features that are available with an active support contract only is chosen by YourKit and may vary depending on the Software version.

TEMPORARY SUSPENSION FOR NON-PAYMENT

YourKit reserves the right to suspend your access to the Software if You fail to pay corresponding license fees in time.

If YourKit suspends your access to the Software for non-payment, You must pay all past due amounts in order to restore your access to the Software.

The Software contains a feature that may automatically disable the Software activated with a license key from a license for which the corresponding fee has not been paid in time. YourKit will have no liability to You if the Software is disabled by this feature. You may not disable, destroy, or remove this feature of the Software, and any attempt to do so will terminate your license and rights under this Agreement.

PATENT AND COPYRIGHT INDEMNITY

YourKit will defend and indemnify You for all costs (including reasonable attorneys fees) arising from a claim that Software furnished and used within the scope of this Agreement infringes a U.S. copyright or U.S.
patent provided that (i) You notify YourKit in writing within 30 days of the claim, (ii) YourKit has sole control of the defense and all related settlement negotiations, and (iii) You provide YourKit with the assistance, information, and authority necessary to perform the above.

YourKit will have no liability for any claim of infringement based on (i) code contained within the Software which was not created by YourKit (ii) use of a superseded or altered release of the Software, except for such alteration(s) or modification(s) which have been made by YourKit or under YourKit's direction, if such infringement would have been avoided by the use of a current, unaltered release of the Software that YourKit provides to You, or (iii) the combination, operation, or use of any Software furnished under this Agreement with programs or data not furnished by YourKit if such infringement would have been avoided by the use of the Software without such programs or data.

In the event the Software is held or believed by YourKit to infringe, or Your use of the Software is enjoined, YourKit will have the option, at its expense, to (i) modify the Software to cause it to become non-infringing, (ii) obtain for You a license to continue using the Software, (iii) substitute the Software with other Software reasonably suitable to You, or (iv) if none of the foregoing remedies are commercially feasible, terminate the license for the infringing Software and refund any license fees paid for the Software, prorated over a three-year term from the effective date of the Agreement. This Section states YourKit's entire liability for infringement.

LIMITED WARRANTY

THE SOFTWARE IS DELIVERED TO YOU "AS IS" AND YOURKIT MAKES NO WARRANTY AS TO ITS USE OR PERFORMANCE. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, YOURKIT DISCLAIMS ALL OTHER WARRANTIES AND CONDITIONS, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, AND NON-INFRINGEMENT, WITH REGARD TO THE SOFTWARE, AND THE PROVISION OF OR FAILURE TO PROVIDE SUPPORT SERVICES. REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE, IN NO EVENT WILL YOURKIT BE LIABLE TO YOU FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR SIMILAR DAMAGES, INCLUDING ANY LOST PROFITS OR LOST DATA ARISING OUT OF THE USE OR INABILITY TO USE THE SOFTWARE EVEN IF YOURKIT HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

IN ANY CASE, YOURKIT' ENTIRE LIABILITY UNDER ANY PROVISION OF THIS AGREEMENT SHALL BE LIMITED TO THE AMOUNT ACTUALLY PAID BY YOU FOR THE SOFTWARE. BECAUSE SOME STATES AND JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF LIABILITY, THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

TERMINATION

YourKit may terminate the right to use the Software upon notice to You (which may be delivered electronically by the same means as this Software is distributed), and You may terminate this Agreement at any time by destroying or erasing your copy of the Software. This Agreement automatically terminates if You fail to comply with its terms and conditions. Upon the termination of this Agreement, You must
discontinue all use of the Software and remove the Software from your system. YourKit reserves the right at any time to cease the support of the Software and to alter prices, features, specifications, capabilities, functions, licensing terms, release dates, general availability or other characteristics of the Software.
